Project: Jedibill Telco Billing System

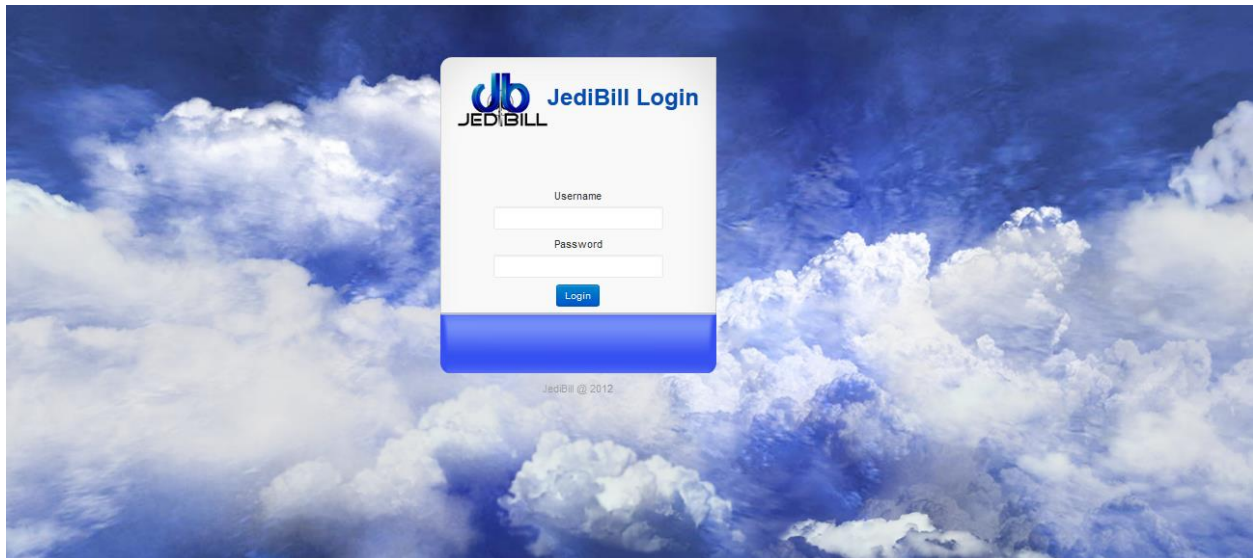

Company: Teligent Australia

Address: 8 South Yarra, Vic 3141, Melbourne, Australia

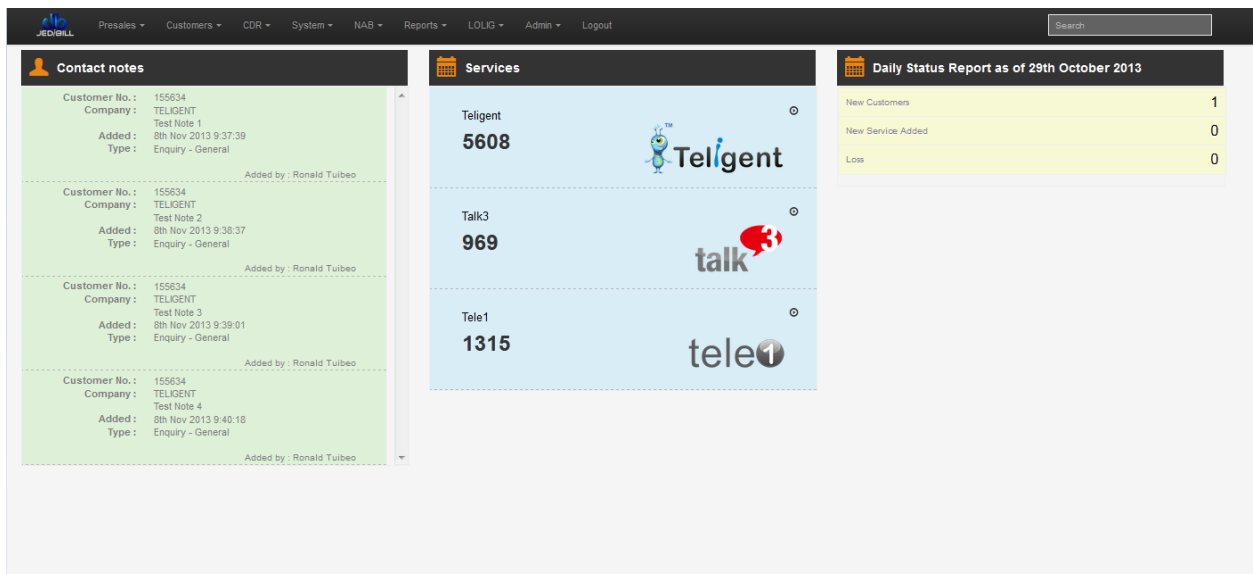

Description: A web based telco billing system connecting to third-party service providers such as Optus and Telstra through APIs. An invoice is generated based on the customer usage of mobile, land line, internet and data depending on the plans subscribed. Customers are enrolled through call centres from Egypt and India using the customer module. Payments are reconciled using Bank's APIs.
